

Rev. A. A. Phelps

Easton July 13th 1847

My Dear Sir, As I am spending the day in this place, on a tour farther east, I should esteem it a great favour to be able to see you for a few moments, during the day. I will not ask the privilege however, if your health renders it improper for you to receive any company. - Bro. Willey, and other friends of yours at Hallowell, wished me to express to you their kind regards, with the assurance of their hopes and prayers for the restoration of <sup>your</sup> health.

Truly Yours Woodbury Davis
